

**NOTICE OF APPLICATION  
FOR  
TITLE V AIR QUALITY PERMIT**

The South Dakota Department of Environment and Natural Resources (DENR) has received and reviewed the application for renewal of a Title V air quality permit for the following applicant:

**APPLICANT NAME:** The Bergquist Company

**FACILITY LOCATION:** Brandon South Dakota

The Title V air quality permit will allow the operation of the following processes and units:

Unit #1A – Drum mixing station and coater, with a maximum operating rate of 4,200 square feet per hour. Air emissions are controlled by a thermal oxidizer fired on natural gas or propane, with a maximum operating rate of 18 million Btus per hour heat input.

Unit #1B - Step 2 and 3 of heat treat process chamber, with a maximum operating rate of 500 pounds of alumina per hour. Air emissions are controlled by a filter cartridge and baghouse, along with the thermal oxidizer associated with Unit #1A.

Unit #1C – Solvent drum, with a maximum operating rate of 15 pounds of solvent per hour. Air emissions are controlled by the thermal oxidizer associated with Unit #1A.

A review of this application indicates The Bergquist Company can operate the production facility in compliance with South Dakota's Air Pollution Control rules and the federal Clean Air Act. DENR, therefore, recommends that the Board of Minerals and Environment issue an operating permit to The Bergquist Company with conditions to ensure compliance with South Dakota Codified Laws (SDCL) 34A-1 and the federal Clean Air Act.

In accordance with the Administrative Rules of South Dakota (ARSD) 74:36:05:17, any person desiring to comment on DENR's draft permit conditions must submit written comments to the address below within thirty days of this public notice. Comments may be directed to the following mailing address: Marc Macy; PMB 2020; Department of Environment and Natural Resources; Division of Environmental Services; 523 East Capitol, Pierre, South Dakota 57501. DENR will consider and address all comments submitted and issue a final permit decision pursuant to ARSD 74:36:05:18. DENR will notify the applicant and each person that requested notice or submitted written comments of DENR's final permit decision, including notification of any changes to the permit based on the comments.

Any person desiring to contest the issuance of this permit and have a contested case hearing must file a petition, which complies with ARSD 74:09:01:01. This petition must be filed either within thirty days of this public notice or, if that person submits comments on DENR's draft permit pursuant to the paragraph above, within thirty days of receiving notice of DENR's final permit

decision. Upon receipt of a petition, DENR will schedule this matter for a contested case hearing before the Board of Minerals and Environment.

If no comments or objections are received within thirty days of this public notice, the draft permit becomes the final permit decision and the proposed permit will be submitted to EPA for review.

Copies of DENR's draft permit conditions and other information may be obtained from Marc Macy, Engineer III, at the above address or telephone at (605) 773-3151 or from DENR's website at:
